WORK EXPERIENCE

COO & CO-FOUNDER

Strypes Co

2016 - 2019

- > Built up a 3D-graphics-for-retailers business, wearing *so many hats*.
- > Coded up the MVP for the browser, rebuilt the tool in Unity for native, and then re-built it for the web after the app was stabilized.
- > Managed the entire 3D asset pipeline, including customer specs, a team of artists, and QA and optimization.
- > Project-managed all implementations and client communication and feature ticketing.
- > Created in-depth financial documentation to monitor spend and auto-generate required accounting documents.
- > Fund-raised for investment rounds and pitched to prospective clients.

FRONT-END DEV LEAD

Boutique Mate

2016

- > Contracted to build out the client-embeddable portion of a hotel-booking software system, overseeing another front-end developer.

SOFTWARE CONSULTANT

Stout Consulting Partners [*Client: Janssen Pharma.*]

2015

- > Pioneered the Global Project Management team's use of Tableau by creating processes in VBA and SQL to monitor KPIs, data quality, and subsume current reporting needs.

ASSOCIATE DIRECTOR & SENIOR ASSOCIATE

The Advisory Board Co

2010 - 2014

- > Managed a team of Technical Analysts responsible for 120+ SaaS clients nationwide in the Healthcare and Higher Education space.
- > Collaborated with client IT, user base, and C-suite executives to align needs and expectations with system and resource capabilities, relying on technical skills to extract, clean, and form messy real-world data into coherent analysis.
- > Spearheaded validation initiatives across 130+ health care clients to deliver unprecedented insight of government auditing behavior (results delivered by self at annual summit).

OPERATIONS ANALYST

C&S Wholesale Grocer

2009

- > Designed, implemented, and documented systems and inventory strategies for warehouse operations at the largest grocery warehouse in the world, ES3.
